FIGHTING MAC COMMITS SUICIDE.

Major General Sir Hector McDonald, who was recently charged with immoral conduct, shot himself in the Hotel Regina, in Paris, on Wednesday, 25th March. Although the best of medical aid was summoned, his case proved fatal before he could be taken to his bed for burial. He left no trace of the cause of his rash act in his room in Paris.

FORT SASKATCHEWAN.

Fort Saskatchewan, March 27.

The case of G. Samport, of Bruderheim, who charged L. Lilge, of the same district, for stealing lumber, was tried before inspector Demers and Dr. Bennett, J. P., here yesterday. C. W. Cross, of Edmonton, appeared on behalf of Mr. Samport and S. A. Dickson, of Fort Saskatchewan, for Mr. Lilge. After a lengthy hearing the magistrates decided that Mr. Lilge had overstepped law and he was sentenced to four hours imprisonment.

Mr. Mullett was in town yesterday and purchased a number of lots.

Over two thousand dollars worth of property changed hands here yesterday. Some hold property as high as twenty dollars a foot.

Encourage Your Children to Play

Play builds strong, healthy, beautiful bodies. Running, jumping, wrestling, climbing are not to be frowned down. The danger is in the overheating and subsequent likelihood of chills.

But this danger may be averted by putting the NAZARETH WAIST next to the child's skin.

Being of cellular fabric it absorbs the exhalations of the skin, keeps the body dry and hard, and strengthens and toughens the muscles.

Guaranteed by the makers to give complete satisfaction. For boys and girls. Sizes, 1 to 15 years.

AMERICANIZING OF WESTERN CANADA

The following is a copy of a letter written to the Editor of the Toronto Globe and published in that newspaper;

"I have just read in the Globe of Feb. 28, the story of the efforts being made in some parts of the States to stop the movement of the Lord's sensible people to the 'promised land,"—the Canadian Northwest. It makes me smile so loud I can hear the echo of it from across the street. Whether the story from Ottawa be true or not, makes little difference. Ten thousand such cock and bull yarns couldn't stem the tide. The American boys are not all fools. Some of them have sense. To-morrow morning and evening will see more than 200 from Wisconsin alone leave St. Paul for various points in the Canadian Northwest. They think they are going to God's country. And, they are not deceived. They are going to make those broad prairies of Alberta and Saskatchewan produce ten blades of wheat where one blade of grass now grows. They will fill those valleys with herds and flocks and cover the slopes with homes of happiness, and long before it will be possible for them to become subjects of the King, under the laws of their adopted land, neither gatling guns, swords nor bayonets could "save them from the clutches of the King." They are only the vanguard of what is going. The rush is on and it can't be stopped. The boys are on the move. They are headed for the goodly land. Wisconsin alone will give up more than 2,000 of her best and brawniest ere 1906 ceases to be the date, and every mother's son of them will fall into the clutches of the King" just as soon as it is possible for him to do so, and not one of them will be praying for any cock-and-bull story to save him from "the clutches of the King." They all want good homes, under a good government "of the people, for the people and by the people," and there is no scare mark big enough to stop them from getting there. Let the galled jades wince.

A Born and Lifelong Yankee.
Milwaukee, March 2."

TO THE KLONDIKE ON BARRELS

Residents of Edmonton during the time of the Klondike rush in 1898 will remember the party who fitted up for himself a sort of dray constructed of two barrels laid flat to take the place of wheels. In these barrels were stored provisions and in the box-like construction built on the barrels were carried the tools, implements, etc. The last issue of the Canadian Threshman contains an excellent half tone engraving of this remarkable vehicle accompanied by this somewhat humorous description. "This will no doubt be of interest to manufacturers and owners of vehicles and is a most unique arrangement, at least, for the purpose it was intended, and the inventor is entitled to a great deal of credit in producing a novelty, if nothing more. This horse-auto was designed 1898 model) to make a trip from Edmonton to the Klondike country and the start was made as we understand, and would have been consulated, only the contents inside the barrels became unmanageable after being out several moons from Edmonton; in fact everything went all right at first and from all reports we can procure it was a pleasant trip through the valleys and over the hills. This vehicle was designed to carry the provisions entirely in the barrels, and after using the supplies in the rear barrel it would be dropped and the traveller would continue with the others. We cannot ascertain just what kind of provisions was packed in each one of the barrels, but no doubt supplies that are usual on such a trip, beans, pork, bacon, etc. We are informed the pork, after a few days out, on account of the revolving motion, let out more or less fat on the axles which kept everything greased for the occasion, and even the beans came in handy furnishing the necessary to keep the pneumatic tires in proper order, making the outfit easy and agreeable to ride. The gentleman in charge, it is said, had no objections to living on bacon, beans, etc. but he did get so almighty tired of succotash and mulekotane soup that he forgot to put the plug in the last barrel one day and the journey ended."

AN OPEN LETTER

To the Builders of Edmonton District.

Gentlemen: No doubt you have heard and read in the papers recently a great deal about the so-called "LUMBER COMBINE," and the consequent advance of prices. In this connection a few statements of fact from us may be in order.

The manufacturers of British Columbia advise us that the advance in prices is due to the increased cost of labor and of materials and that this justifies the advanced prices to the trade. Whether this is true or not we are not in a position to judge.

But we do know that it is very difficult to get orders for B. C. lumber filled with any degree of promptness. Many of the mills are sold out of stock and cannot at present ship a car. We therefore claim that the advanced prices is due to scarcity of lumber. The price of any commodity is regulated in our day not so much by the cost of production as by the general demand for the commodity.

As to our own prices we beg to say that we are careful to see that they bear a right relation to cost. We cannot help the rise in B. C. lumber because the cost price is considerably advanced. But in the lines of our own manufacture such as Windows, Doors, Frames, etc., our prices are lower than the prices for the same articles either in British Columbia or Manitoba. This will indicate to you our position in this matter.

In view of the scarcity referred to if you are building or intend to do so, we advise you to place your order with us as soon as possible so that we may get in a position to fill it when required. We promise to do the very best for our customers that circumstances will permit.

Very Truly Yours,

MEN'S CLOTHING

Men's Suits,-some new ones. Just about now you'll be glad to see some distinctly new goods, fresh ideas in the way of fabrics—large plaids, broken checks, narrow stripes in brown and gray effects—in fancy cheviots. The man who wants something "a little different" will appreciate the present showing of

PICCADILLY CLOTHING

There is a difference in clothing as in men. There are no better clothes made than those we are showing, but there are higher prices. A hot iron and a ton weight can press out a poorly made suit so that it looks very fine in a window. But only good, careful tailoring and all-wool cloth can make a suit hold its shape and look well for months and months. No need to argue with yourself, even though you have a good Suit or Overcoat. Will not another be welcome, if it's but to relieve a monotonous sameness? Many of these suits are of medium weight, and you could not find better for spring service. They are all identified by the "PICCADILLY" label. That makes them all the more desirable.

A good address goes a long way in aiding a man to forge to the front. We materially assist in giving you a presentable appearance by furnishing fashionable cut attire at prices below tailor made. Elegant patterns, careful workmanship, No clothing fits like ours.

BOY'S CLOTHING

CLOTHING THAT DEFIES JUVENILE GYMNASTICS

...ot you know how near useless it is to admonish youngsters not to soil ... their clothes. The only remedy is to get good clothes, but don't pay too much ... Clothing is cheaper for a healthy boy than doctors' bills for a sick one. ... for the boy.sh boy.

OVERCOATS

Cravenetted fabrics go through a process that goes to the foundation of the cloths—the very fibres that make the wool that makes the yarn are made non-absorbent. No earmarks of waterproof, no odor—no stiffness—is porous to air. The power of "cravenette" is in disguise until attacked by rain.

LEDUC

Kayl Martin, Massey-Harris agent, has let the contract for a large one storey cottage to Mr. J. H. Hill to be erected on the Jaggins survey west of the village.

W. A. Trumpour, of Conjuring Creek, intends putting up a residence here soon and moving into Leduc.

Pearson Elliott has returned to Leduc from Fernie and has been engaged by Messrs. Gates & Clemens as finsmiths for their hardware business.

The W. C. T. U. held an At Home on Tuesday evening at the home of Mr. and Mrs. C. Holden. Games and music constituted a very enjoyable programme, refreshments were served.

R. T. Telford has just closed his logging and saw mill at Conjuring lake for this season. A cut of over 500,000 has been made and all teamed to Leduc with the exception of about 50,000 which will be left for sale at Geo. E. Blondhim's near the lake.

The village is erecting signs conspicuous to the railroad, advertising homesteads and C. P. R. lands near to Leduc and the new immigration building free to the intending settlers. This building is 20x40 feet, with 14 foot studding and is now nearly completed.

C. Fontaine, general merchant, has sold his business stand and stock to Chas. P. Ruddy of Uxbridge, Ont., for a good figure.

Rev. A. McDonald is able to be out again after a confinement of several weeks to his home by illness.

Several farm properties are changing ownership hereabouts recently. The principle line of deal being between neighbors who have but one quarter section each. This gives the purchaser two quarter sections right together and the settlers are moving a little further west where they can get two quarters sections of C. P. R. land in a block or a C. P. R. for themselves and a homestead alongside for a son. The most recent case of the above was Mr. John Fredericks selling northwest quarter 14-49-24 to his neighbor Fred Wedman.

Messrs. Boucher & Johns, real estate and auctioneers, conducted a sale for Mr. E. G. Peterson, farmer, 10 miles west, on Wednesday, 18th. 20 head of cattle and machinery were disposed of at Good prices. The same gentlemen have booked for the 11th a sale of 45 cattle at Leduc.

HODGINS—BENNETT

Ottawa Citizen.

A very pleasing event took place on Wednesday, March 11th, at Mrs. Thos. Hodgins, when her adopted daughter, Miss Laura Bennett, one of Fitzroy's fairest young ladies, was united in holy bonds of matrimony to Mr. William M. Hodgins, a prosperous farmer of Edmonton, Alta., The nuptial knot was tied by Rev. Mr. Charlesworth, of Fitzroy Harbor, in the presence of a number of invited guests. At 4 o'clock the bride, who looked charming in a gown of albatross cloth trimmed with chiffon, ribbon and applique, entered the parlor leaning on the arm of her brother, Mr. Arthur Bennett. Miss Pearl Hodgins was bridesmaid, while Mr. John Allen Baird attended the groom. After the ceremony they repaired to the dining room, where the table groaned under the weight of good things. The evening was spent in games and other amusements. Mr. and Mrs. Hodgins left on the 9.20 train for their future home amid the best wishes of their many friends. The young couple received many valuable presents, indicative of their popularity.

Shirt Waists, Wrappers, Skirts and Underskirts.

* * * *

We are now showing an exceedingly attractive range in these goods, just received from the very best manufacturers. These are not goods made to look well in a catalogue; they are made to look well on the wearer. Every garment is as near perfection as first-class material, the highest possible grade of workmanship and the most approved methods can make it.

That Well-Dressed Feeling

is acquired by wearing our Ladies' Clothing.

* * * *

There are no nicer goods: there are no better values. Below are mentioned a few of the lines just received.

In Regard to WATERPROOFS and TWEED SKIRTS

We would like a chance to show you what we have in these lines.

When we speak of Waterproofs, we do not mean the ill-smelling, ill-fitting, use-on-a-rainy-day affair usually shown under that name. Ours are handsome garments, beautifully tailored, made of lovely all-wool tweeds and covert cloths, which you would never suspect of being waterproof. These are stylish, full length coats, and look right any day, rain or shine.

Our All-wool Skirts for spring are as right as anything can be.

THE MARKETS

Oats.—There is scarcely any oats coming into town. The little that does come brings 29 cents a bushel. 22 cents is paid for milling oats.

Wheat brings up to 56c a bushel. The sample is excellent but very little is coming in.

Hay is being brought in in large quantities keeping the market very well supplied. The price paid ranges from $7 to $9 a ton.

Cattle are being brought in in large numbers. This is due to the fact that as farmers will soon be busy with their spring work, they are taking their cattle in now. The price being paid is from 3 3-4 cents to 4 cents a lb. live weight.

Hogs—Extensive shipments of hogs are being made. Hogs bring from 4 1-2 to 5 cents a lb.

There seems to be a great scarcity of fowl, very little coming in.

Turkeys, dressed, 15c a lb.

Ducks, dressed, 12 1-2c a lb.

Chicken, dressed, 12 1-2c a lb.

Butter.—A considerable quantity of second grade butter is coming in but very little choice butter. The price paid is 20c a lb.

Eggs—Are coming in in large quantities which has caused another drop in the price, 15 cents is what is being paid now.

Potatoes—The market is kept very well supplied,—the price paid being from 35 to 40 cents a bushel.

AGRICULTURAL INSTITUTE MEETINGS

In another column will be found an advertisement of institute meetings to be held in this district at early dates. These form part of a series of such meetings which have been arranged by the Territorial department of agriculture to take place throughout the Territories under the auspices of the various local agricultural societies. Nothing is more certain than that with the growth of the country the problems to be confronted by the agriculturalist are becoming more and more complex and that in order to be successful and prosperous our farmers must march with the times. Their interests are now altogether too large for them to permit any opportunity to go by of improving their methods in accordance with the progress of recent research. We especially commend meetings to the new settler in the district, where knowledge of local conditions must necessarily be limited. He will doubtless save himself much unnecessary work and considerable disappointment by taking part in the meetings, and not being backward in asking questions. By means of these meetings the department has provided a channel by which the latest information on the practical and scientific aspects of farming in the Territories may be conveyed direct to those chiefly interested and it is now "up to" the latter to take advantage of this and to help the movement along not only by their presence but by active co-operation and discussion.
